The Solstice Carol (to the tune of Rudolph the Red Nosed Reindeer) lyrics by Brian Fergus

Hurray for Winter Solstice
When we’re farthest from the sun
When the earth tilts on its axis
It’s the shortest day for everyone

All of the other holidays
Think that they are right and true
They never let poor Solstice
Have the credit it is due

Just think what it would be like
If the seasons were all the same
No Summer, Winter, Spring or Fall
That would be SO LAME!

So let's all say "Hurray Solstice"
And then go out an have some fun
This year be nice to others
on our journey round the Sun!
